
There is Demo version of this panel Dashboard Trading Made Simple Demo in my product list, please try it out to get familiar with all functionalities free, [LINK](#).

Trading Made Simple is the top1 forex trading system/method/strategy discussed in ForexFactory forum. So far there are 3613 pages of hot discussion on this trading system. For more detail on this system, please re-direct to [LINK](#).

To facilitate you to understand and trade this system quickly and effectively, the collection of PDF manual and all indi and template are provided [here](#).

For who cannot access Google Drive, please find these resources in the thread or PM me.

1 PDF Manual

2 Two Indicators: place them under /MQL4/Indicators/

3 One Template: place it under /templates/

Dashboard Trading Made Simple is an intuitive and handy graphic tool to help you to:

- Have 28 pairs under control with one dashboard.
- Monitor all 28 pairs and provide trading signals based on the TMS rules (see screenshot1, 2, 3, 4, and 5).
- Manage order automatically once signal are generated.
- Monitor your positions easily with one glance to know status of all trading pairs.

Features:

- Customizable trading session: total 3 sessions can be set for autotrade.
- Option for autotrade
- Selection of pairs (symbols) to trade: you can choose which pair(s) to trade.
- Customizable dashboard position
- Very easy and handy to use.

Entry Rules:

Refer to screenshot1, 2, 3, 4, and 5

Make sure completing the following action items to make this dashboard working.

Important Action Items before Using Dashboard

-
1. Download historical data of all 28 pairs. Use this free tool to download historical data by simple one-drag, [LINK](#).
 2. Make sure you have all 28 symbols in Symbol window.
 3. To make your dashboard looks clear and neat, it's better to apply the black template. Please refer to screenshot6.
