

Key to Headland's abbreviations:

Referring to support or resistance;

Sbr = support becomes resistance

Rbs = resistance becomes support

Supp = support

Res = resistance

Pot = potential

Prev = previous

Referring to 3 candle fractals;

Sw = swing

Lo = low

Hi = high

H = fractal swing hi

L = fractal swing lo

LL = fractal swing lower lo

HH = fractal swing higher hi

LH = fractal swing lower hi

HL = fractal swing higher lo

Referring to trend lines;

T/line = trend line

Asc = ascending/rising

Desc = descending/falling

Referring to pip ranges;

Adr = average daily range

Awr = average weekly range

Amr = average monthly range

Other;

Dly = daily

Wkly = weekly

Mthly = monthly

G/M = good morning

G/A = good afternoon

G/L = good luck

Osc (s) = oscillator (s)

Div = oscillator divergence from price

Reg = regular

o/b = overbought oscillator reading

o/s = oversold oscillator reading

p/back = pullback/retrace

b/o = breakout

ppa = potential problem area

ext = extension

extr = extreme

v = very
