Summary

- **1st Phase:**
 - **Trading Period:** No time limit to meet the trading target.
 - **Target:** Achieve an 8% profit.
 - **Max Loss & Daily Loss:** Max loss is 10%; no daily loss limits.
 - **Low DD/High Profit:** Focus on managing drawdown and maximizing profits relative to the account balance.
 - **Max Loss on Open Trades:** If a 1% loss is hit, trades will close, but the trader can continue trading.
 - **Copy Trading & Profit Share:** Not applicable. ○ **Cost:** \$30 to participate, refundable upon passing.
 - **Scaling & 2nd Chance:** Not applicable.
- **Pro Funded Account:**
 - **Trading Period:** No time limit for trading. ○ **Target:** No specific profit target, but maintain profitability. ○ **Max Loss:** Traders can choose their preferred maximum loss.
 - **Daily Loss:** No daily loss limit specified.
 - **Low DD/High Profit:** Traders can become Pro Traders, allowing others to copy their trades, earning 10% profits from those trades.
 - **Max Loss on Open Trades:** Same as the 1st phase; trades close upon hitting a 1% loss but can continue afterward.
 - **Copy Trading:** Allowed, especially from top Pro account traders.
 - **Cost:** Traders can choose any amount of DD%. ○ **Profit Share:** Traders receive 80%-100% of profits. ○ **Scaling:** Daily scaling by 10% if the trader achieves 1%+ profit each day.
 - **2nd Chance:** If the trader fails in the Pro Funded account, a 5K challenge is given for free as a second chance.

This structure is designed to give traders flexibility, especially with unlimited trading periods, while also incentivizing profitability and consistency through profit sharing and scaling.
