Download and Install MetaTrader 4 for Mobile

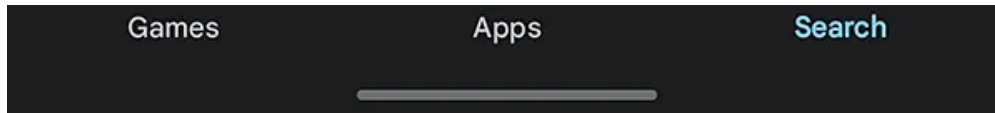

Below is the download guide for the MetaTrader 4 platform for iOS and Android, along with the steps to install.

MetaTrader 4 for Android

To download and install MetaTrader 4 on Android, follow these steps:

1. Open the Google Play Store and search for **MetaTrader 4**;
2. Tap the button shown in the screenshot to start downloading and installing.

The screenshot shows a search for 'metatrader 4' on an app store. The top header includes a back arrow, the search term 'metatrader 4', the 'Trading Finder' logo, and search and voice icons. Below the search bar, a 'Sponsored' section features the 'FBS - Trading Broker' app with an 'Install' button. A large purple callout box with the text 'Click on Install' and a purple arrow points to the 'Install' button of the 'MetaTrader 4 Forex Trading' app. This app is also highlighted with a purple rectangular box. Below the app listing, statistics are shown: 4.7 stars from 946K reviews, 10 MB size, and a 3+ age rating. A video player below the app shows a mobile trading interface with the text 'MOBILE TRADING PLATFORM FOR FOREX AND STOCK MARKETS' and 'MetaTrader 4'. At the bottom, there is a 'Sponsored · Related to your search' section and a navigation bar with icons for games, apps, and search.

MetaTrader 4 download button for Android in Google Play Store

MetaTrader 4 for iOS

To download and install MetaTrader 4 on iPhone, follow these steps:

1. Open the App Store on your iPhone and search for **MetaTrader 4**;
2. Select the corresponding option, as shown in the screenshot;
